**Subject:** RE: Jeffersonville

It seems to me they are almost synonymous. The LTCP is "the plan," the LTCP Report is the written form of the LTCP, or there may be a digital form (which I have in my archives).

The wording for this in the CD was developed by the DOJ attorney at the time, and John Tielsch of ORC (retired).

John

John:

Please read the attached email from Terry.

Are you aware of an "LTCP Report" vs. a "LTCP" For Jeffersonville Indiana?

We have been working off of the LTCP and cannot recall or locate a document entitled "LTCP Report".

Please advise.

I am copying both Dave Tennis (originally assigned Jeffersonville) and Marc Hancock (newly assigned Jeffersonville) of IDEM on this question as well.

Thanks.

-Jack
